Please answer the following questions.

(1) Was it ever officially on the table for county employees to take a pay cut rather than the job cuts?

(2) As above but did the commissioners themselves consider cuts in their salaries, benefits or # of commissioners to help the budgetary constraints? (eg. 2 resign, leaving 3 commissioners)

(3) How many jobs have been lost in our county since the last election?

(4) What is the legal basis for not disclosing the reason behind attorney Maher settlement?

(5) How much $ in the budget is allotted to paying the "American Stewards of Liberty"?
